OSTEO CALCIUM RETARD

ENHANCED WITH
BIOSYSTEM TECHNOLOGY

NATURA VITALIS®

Food supplement with vitamins K and D, the mineral substance calcium, and other valuable plant substances. Calcium and vitamin D improve the bone density, especially of older women, and so reduce the risk of osteoporosis.

Note: As an illness, osteoporosis is the result of several risk factors. A change in any one of these risk factors may have a positive effect, or it may not.

Recommended daily dose: Take 1 capsule every morning and evening with plenty of water.

Storage:
Protect the product from warmth, light and humidity.

Best before end: See date on base of container.

Natura Vitalis BV, Groeneweg 12, NL-6041 AX Roermond
